Urdu

About Me

I am a Flutter Developer Enthusiast with a strong passion for collaboration and creating innovative solutions. I aim to contribute to the company's growth by delivering quality work by working closely with senior developers, learning from their experience, and sharing knowledge within the team. .

WORK EXPERIENCE

March 2025 - July 2025
UET KICS (Game Studio)

Flutter Intern

- Maintained repositories collaboratively, practicing clean architecture
- Integrated RESTful API endpoints and tested them using Postman
- Implemented Firebase Cloud Messaging for real-time notifications
- Participated in team discussions and coordinated workflows efficiently
- Implemented UI accurately by collaborating with Figma designer

June 2024 - October 2024
BillNow

Junior Software Engineer

- Developed backend APIs using .NET Core framework and tested them using Swagger Codegen.
- Wrote clean, efficient, and well-documented code
- implemented stored procedures, and managed SQL databases
- Collaborate with senior developers to implement new feautures and fix issues
